

Diagram illustrating the distribution of 49 numbers (1 to 49) across five systems (0系, 1系, 2系, 3系, 4系) based on the 360-degree angle. The numbers are arranged in a grid, with each column representing a system and each row representing a specific angle. The numbers are color-coded: red for numbers 1-10, blue for numbers 11-20, green for numbers 21-30, yellow for numbers 31-40, and purple for numbers 41-49.
