

Diagram illustrating the distribution of 49 numbers (1 to 49) across five systems (0系, 1系, 2系, 3系, 4系) based on the 360-degree angle. The numbers are arranged in a grid-like pattern, with each system containing 10 numbers. The numbers are color-coded: red for numbers 1-10, blue for 11-20, green for 21-30, yellow for 31-40, and purple for 41-49. The diagram shows the relative positions of these numbers across the five systems, with vertical lines separating the systems and horizontal lines indicating the 360-degree angle.
