

Figure 1 is a grid showing the distribution of 49 numbers (1-49) across 10 rows and 4 columns (0系, 1系, 2系, 3系, 4系). The numbers are distributed in a pattern that suggests a random or pseudo-random distribution. The grid is divided into 4 columns by vertical lines, and the numbers are distributed across 10 rows. The numbers are represented by red dots with their corresponding number value next to them.

Row	0系	1系	2系	3系	4系
1	5	16	21	32	43 46
