

Figure 1 shows a 2D coordinate system with a horizontal axis labeled 0 to 49 and a vertical axis labeled 0 to 10. The points are numbered 1 to 49. The points are distributed in a grid-like pattern, with some points highlighted in red. The diagram is divided into five vertical sections by blue lines, each labeled '0系' at the bottom. The points are numbered 1 to 49, with some points highlighted in red. The points are distributed in a grid-like pattern, with some points highlighted in red.
