

The figure displays five 5x5 grids, each representing a week of the 2019-2020 flu season. Each grid contains vaccination counts for five age groups across five categories. The dates at the bottom of the grids are 5 Dec, 12 Dec, 19 Dec, 26 Dec, and 2 Jan. The grids show a steady increase in vaccination numbers over time, with the final grid (2 Jan) showing the highest numbers.
