

Figure 1 is a 10x49 grid showing the distribution of 48 numbered red dots across four series (0系, 1系, 2系, 3系, 4系). The grid is divided into five vertical sections by blue lines. The first section (0系) contains dots numbered 1-10. The second section (1系) contains dots numbered 11-21. The third section (2系) contains dots numbered 22-30. The fourth section (3系) contains dots numbered 31-40. The fifth section (4系) contains dots numbered 41-49. The dots are distributed in a pattern that suggests a specific arrangement or sequence.
